New Visions Program Overview

The New Visions: Health Careers program is an immersion based approach to education. This concept allows the students of Hamilton-Fulton-Montgomery BOCES Career and Technical Center to explore a variety of health care careers, while integrating their academics of twelfth grade social studies and three college level English credits. The classroom is on-site at Nathan Littauer Hospital. This facility allows the students to participate in rotations in numerous hospital departments and work side by side with a variety of health care professionals.

New Visions Program Objectives

Students who participate in the New Visions Program will be able to:

- speak and write in-depth about connections between school and work
- develop career plans based on knowledge gained through firsthand health career experience
- develop independent and group learning skills to prepare for college level education
- apply previously learned academic knowledge and skills to professional tasks and problems

New Visions Program Application Requirements

High school students interested in the New Visions program should contact their guidance counselor to begin application in the spring of their junior year. To participate in this program the student must be a senior who has:

- demonstrated an interest in the health care field
- maturity and the ability to work both independently and in teams
- met graduation requirements up to the point they begin participation in the program
- completed three years of math
- completed three years of science
- been recommended by a high school guidance counselor and two teachers
- completed an application form and interview

Requirements upon Acceptance

Due to the extent of patient contact at Nathan Littauer Hospital, New Visions students must meet the following requirements:

- physical exam (must obtain appropriate form)
- Mantoux Skin test (within one year of the program)
- proof of Rubella immunity (1 vaccine after first birthday / titer / medical exemption)
- proof of Rubeola immunity (2 vaccines after first birthday / titer / medical exemption)
- **documentation of the above by the family physician must be sent to Gail Fake, New Visions Coordinator, HFM Career and Technical Center, 2755 State Highway 67, Johnstown, NY 12095 no later than July 30, 2010. Phone 518-773-5636 or 736-4330.**

To the Teacher:

The student whose name appears above is applying for the *HAMILTON-FULTON-MONTGOMERY CAREER AND TECHNICAL CENTER New Visions: Health Careers* program. This program accepts, for their senior year, top students who are interested in health careers, and places them in the hospital setting. Students rotate through a variety of departments at the hospital and are able to work alongside medical professionals. In addition, twelfth grade social studies and a college level English course are integrated in the New Visions program.

This is a very challenging program. It requires that a student be highly motivated and also be able to work independently. Your honest assessment of this student will be very helpful in selecting the most deserving students for this opportunity.

Upon completion, please return this form to the student's guidance counselor.

Please rate the student in the following areas. Please keep in mind that the student will be compared to other very capable college prepared students, and will be required to work very closely with adult professionals in the hospital environment.
