## No Deductibles. No Co-Pays. No Waiting Rooms. No Problem: A Virtual ER at Your Fingertips

**Reminder! Don't waste your time and money at unnecessary ER or Urgent Care visits.** Our partnership with UCM Digital Health provides you affordable, quality healthcare services 24/7/365. If you were not already aware, these services can save you and your family valuable time and money by avoiding unnecessary trips to the doctor's office, urgent care and ER.

At no cost to you, you and your eligible dependents will have unlimited access to UCM's Medical Team via phone, picture and secure video for treatment and triage of any acute medical problem you have. They can diagnose, prescribe medications when appropriate, order labs/diagnostic imaging and make recommendations to the best specialist in the area if needed.

UCM does not replace 911 for true life-threatening emergencies or any Specialist for a chronic illness/disease management; however, for all other illness, injury or medical questions, call UCM Digital Health first for treatment and triage.

**To receive a consult** all you have to do is call 844-4-VIP-DOC (844-484-7362) and one of the care coordinators will set up a consult with a provider. You do not have to sign up or log into anything.

*"I am so thankful to have this service provided by my employer. I put out a lot of money toward medical expenses and this has saved me money, that I was able to apply to another expense. Thank you!"*

*"This is a great app to have! The doctor called right back and was very responsive to my problem and checked back just like he said he would. Thanks to him checking back and calling in my script, I am all well again. Thank you for everything and for this app"*

*"I have never been treated so nicely and the person I spoke with was genuinely concerned about my health and I have never met her before. She even called back to see how I was feeling?! A+ rating! I have always hesitated to call in the past but never will I do that again. I will use this service again and again if I continue to get the satisfaction that I did! Thank you!!"*

**Save time and money! Call for a consult the next time you or your family member feels under the weather, has an injury or needs to speak to a provider with any medical questions!**
